

1  **Ernst & Young AccessAbilities™:
unleashing the full abilities of all our people**

Mid-Atlantic ADA Center
June 28, 2012

2  **I plan to do two things:**

1. Discuss how Ernst & Young employs and supports people with disabilities
- 2.
2. Share our approach to accommodations
- 3.

3  **Disabilities inclusiveness is a key priority.**

- ▶ Inclusiveness is among top global priorities
- ▶ Core competitive advantage
- ▶ Accountability
 - ▶ Global Sponsor
 - ▶ Americas Inclusiveness Officer
 - ▶ Advisory Council
 - ▶ Steering Committees
 - ▶ Network Leaders

4  **Four keys to successful inclusion of people with disabilities**

- ▶ Recruit the best talent – in whatever “bodysuit”
- ▶ Provide the tools, resources, information, equipment and environment needed to excel
- ▶ Plan for career growth
- ▶ Educate everyone – not just key groups
- 1.

5  **Our strategy focuses on environment and culture:**

1. Enabling people by providing tools, information, resources, and career support
- 2.
2. Building awareness and educating so people of all abilities feel included

6  **We have several networks focused on disabilities**

AccessAbilities™

- ▶ 200 members, with/without disabilities, all ranks, regions
- ▶ Focus on firm-wide changes
- ▶ Advise on initiatives, create activities to build awareness

Abilities Champions

- ▶ By region and functional group
- ▶ Improve how EY processes impact people with disabilities

Caregivers Circle; Parents Network

- ▶ Knowledge resource and support groups
- ▶ External experts run calls; post information on internal sites

7 **We focus on three areas. The first is safety and productivity.**

- ▶ Emergency evacuation plans, audits, education
- ▶ Accommodations consultations
- ▶ Technology accessibility – e.g. captioning
- ▶ Office accessibility improvements, e.g. electric doors

8 **The second is career development.**

- ▶ We plan ahead so disability doesn't limit opportunities
 - ▶ Career paths
 - ▶ Performance issues
 - ▶ Changes in business process
 - ▶ Flexibility
- ▶ We provide support for people with disabilities
 - ▶ Coaching and mentoring
 - ▶ Consulting
 - ▶ Networking internally and externally

9 **The third is education.**

- ▶ Key groups – recruiters, human resources, managers, trainers, technology staff
- ▶ Build awareness through embedding in business group events, communications
- ▶ Include in online newsletters, meetings and events
- ▶ Include messages and photos in sites and materials
- ▶ All our resources made available on an internal site

10 **We use a variety of materials. These include quick reference guides ...**

11 **and videos that tell stories.**

- ▶ AccessAbilities video – our people discuss working with disabilities and how each of us can be more inclusive
- ▶ AccessAbilities "minutes" – EY people share true stories about working with disabilities that teach

what and what not to do

12  **We create handbooks on special topics**

Getting support, supporting others offers guidance on non-visible disabilities.

13  **... and posters to get people thinking about disabilities in new ways.**

14  **It's key to understand what accommodations are and are not.**

- ▶ Employers must reasonably accommodate individuals with known disabilities. Even if no assistance is requested, if we suspect a disability is impacting ability to perform, we must explore accommodations.
- ▶ We are required to "engage in an interactive process".
- ▶ Most accommodations that don't significantly change our business operations would be considered reasonable for a large employers like Ernst & Young.
- ▶ Accommodation does not mean different standards of performance, only different ways of working
- ▶ Accommodation does not mean changing essential job functions

15  **Accommodations improve performance and add value to the business.**

- ▶ A productivity tool, like technology
- ▶ An investment in building capabilities, like training
- ▶ Requested / implemented by the field; funded and approved by each business unit
- ▶ Simple documentation; positive presumption
- ▶ AccessAbilities consults with all parties; a collaborative, ongoing process with scheduled check-ins

16  **Accommodations change how work is done – where, when, with what tools or processes.**

- ▶ Tools and equipment – screen readers, voice to text, ergonomic furniture, electric doors, temperature adjustments
- ▶ Location and schedule – telework, office change, adjusting hours, days
- ▶ Business processes – professional services like reader, interpreter, proofreader, speech therapist, coach, also added reviews, "restatement" memos, quality checklists, etc.
