13

**Program Accessibility
Discrimination Prohibited**

§35.149 Title II ADA

...no qualified individual with disability shall, because a public entity's facilities are inaccessible to or unusable by individuals with disabilities, be excluded from participation in, or be denied the benefits of the services, programs, or activities of a public entity, or be subjected to discrimination by any public entity.

14

Definition of Disability

15

United States Supreme Court

Pennsylvania Dept. of Corrections v. Yeskey

524 U.S. 206 (1998)

- ADA applies to **state prisons and local jails**.
- Yeskey (with hypertension) had been denied a benefit (admission to boot camp, which could lead to early release).
- Involuntary nature of confinement doesn't mean prisoner isn't a "qualified individual with a disability."

16

Seremeth v. Board of County Commissioners

4th Circuit, March 12, 2012

FACTS

1. Deputies called to home re domestic violence

17

Seremeth v. Board of County Commissioners

Court says

- ADA applies to on-scene questioning
- Applying Yeskey's expansive interpretation applies to questioning and obtaining information

BUT...

- Exigencies – domestic violence response
- Didn't have to wait for interpreter to perform duty and attempt questioning

37

Barriers to Preventing or Stopping Abuse

- Cultural attitudes: people with disabilities are often marginalized, infantilized, or "invisible"
- Embarrassment or shame
- Concern about not being believed
- Support providers are not available
- Lack of accessible resources
- Physical, cognitive, attitudinal, programmatic challenges
- Don't know who to call

National Professional Training Conference on Responding to Crime Victims with Disabilities
 Oregon Health & Science University, Mary O'Connell, Bachel Child Laura Powers, et al. Portland State University September 30 - October 2 2009

38

Barriers to Preventing or Stopping Abuse cont

- Systems (legal, medical, advocacy, etc.) do not always have necessary policies and trained personnel
- Lack of coordinated response
- Fear of losing independence...being institutionalized
- Fear of losing custody of children
- Abusive person is a family member who provides assistance or support
- Fear of backlash
- Fear of consequences of calling police or mandatory reporting
- Isolation

39

Awareness v. Sensitivity

It's Civil Rights...It's about everybody!

- "I'm sensitive and I feel bad," can I go now?
- **Medical Model v. People Model**
 - don't diagnose... focus on behavior
 - Disability-based behavior
 - hidden disability
- **Possible training material pitfalls:**
 - reinforce stereotypes or outdated
 - not specific to Law Enforcement
 - Training without policy

40

Officer Safety

- Existing tactics...modification
- False sense of security
- No "boiler plate" approach
- Safety zone...reach ranges
- Mobility devices
 - Canes, Crutches, Wheelchairs, Scooters, Walkers

41

Build on existing knowledge...

Wheelchair Approach

- ✓ Same as a traffic stop
- ✓ Searches, wheelchairs, canes, crutches, bags, etc.
- ✓ Acknowledge the contact will take more time

42

Training Considerations

- **Identify who are people with disabilities**--how they come to law enforcement attention
- **Describe what people with disabilities want the police to know**
- **Inform disability community** --about law enforcement procedures

43

More Training Considerations

- **Miranda Concerns**
 - knowing, intelligent, and voluntary waiver of rights
- **Disability-specific issues...**
 - CP (cerebral palsy) misunderstood as drunk?
 - Can a blind person be a witness?
 - Information/resources available 24-7?
 - Intellectual age vs. physical age
 - Slow down interviews...It takes time!
- **Listen**

44

4. Fear of Monsters being under my bed. Fear of intruders coming into the house to steal things and hurt us all.
5. Fear of going to jail as being Punish for doing something very Wrong and have to stay in For a long time.
24. Fear of getting run over by a car when not Paying attention.
25. Fear of being caught by being with the Person that steals.
26. Fear of Bees.
51. Fear of Sexually Abused.
64. Fear of Pirates.
74. Fear of Police.

45

Deaf and Hard of Hearing... Effective Communication

Must take appropriate steps to ensure communications with individuals with disabilities are as effective as communications with others.

- "Primary Consideration"
- Use of notes--Written statements in non-standard English, e.g. "*Husband me mad need place sleep*"
- Fear of the Police, Handcuffing
- Interrogations vs. Interviews
 - Miranda
 - Train the interpreters
 - Delay in interpreting
 - Misreading body language

46

Working with a Sign Language Interpreter

"Qualified interpreter means an interpreter who ... is able to interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary."

- Length and importance of communication ... Interrogation, Interview, Miranda
- Brief the Interpreter
- Do not speak privately to the interpreter in line of sight of the Deaf person
- Speak at normal pace

47

Working with a Sign Language Interpreter

- The interpreter may ask questions for clarification
- Lag time
- Nodding does not necessarily mean understanding or agreement
- Videotape interrogations and interviews whenever possible
- Non-standard sign language
- Provide a clear view of the interpreter
- Speak to the Deaf person...not to the interpreter

48

WARNING

DO NOT RELY ON FAMILY MEMBERS OR FRIENDS OF THE PERSON TO COMMUNICATE

49
